Resolved: that the wildlife management plan be approved.

- (b) The Council discussed a draft policy on planting of memorial trees etc in the Churchyard

1920/106 Neighbourhood Plan

- (a) The Council received an update from the Neighbourhood Plan Steering Group. The latest consultation had closed on 14th February. The responses were now being collated by the Steering Group and would be placed on the website alongside a response from the Steering Group to the issues raised. Representation had been received from 27 individuals, three village organisations, five statutory consultees and two landowners.

- (b) To note the receipt of a letter to the Parish Council from Mr Charles Stimpson concerning the draft Neighbourhood Plan. Whilst primarily a response to the Neighbourhood Plan itself, which would be dealt with in the same way as all of the other responses, the letter did raise certain issues where he considered the Parish Council was at fault. It was agreed that the Clerk would draft a response to the complaint, to be copied to all councillors for comment before despatch.

Note: subsequent to this meeting the next meeting of the Parish Council at the Village Hall and the Annual Parish Meeting scheduled for 14th April were cancelled following Government advice on the Covid-19 pandemic.
